

Servtech, Inc.

Qualification Statement

Servtech Business Description: Our company has several areas of focus and sales:

1. Servtech is a manufacturer of electrical motor controls used in the control of pumping and compression equipment. We serve the oil/gas, mining, utility, municipal, and industrial markets. We are a UL 508A rated shop with custom control design, fabrication, manufacture, and programming capability.
2. Servtech also assembles custom pumping equipment skids for the oil/gas, mining, and municipal water markets.
3. Servtech is a manufacturer of equipment used to screen solids in drilled wells. We build custom engineered well screen products and accessories for the oil/gas, mining, and municipal markets.

Our company has three physical locations: Lafayette, CO, Gillette, WY, and Sheridan, WY. We assemble and warehouse the products we sell at all locations. Our staff includes 28 dedicated people with extensive experience and expertise in this industry.

Servtech Management Staff Qualifications:

1. Bob Pritchard: Bob is the president and founder of Servtech, Inc., and his career includes 30 years in the design, manufacture, and commissioning of motor control systems and pumping equipment. He provides administration, engineering design, manufacturing supervision, and financial management for Servtech.
2. Kevin Quillin: Kevin is our Lafayette, CO shop manager. He provides shop floor management, supervision, and quality control. Kevin has over 12 years of experience in this business.
3. Randy Faldalen: Randy is our Gillette, WY shop manager. He provides customer service, supervision, and contract administration for our Gillette operation. Randy has 9 years of experience in this field.
4. Aaron Kothe: Aaron is our Sheridan, WY shop manager. He provides customer service, supervision, and contract administration for our Sheridan operation. Aaron is a mechanical engineer with 7 years of experience in this field.

Thank you for your consideration.
